### **Press Release**

**Best Buy Hosts Valley Wide Furniture Drive for Families In Need**

**Donors will receive Best Buy gift card valued at \$10**

All 18 Valley Best Buy stores are partnering with Arizona's only furniture bank, Bridging AZ, to collect essential furniture items for families overcoming domestic violence, homelessness, and poverty. During the weekend of Saturday, May 30 and Sunday, May 31, from 9 a.m. to 3 p.m., all Best Buy locations will be accepting donations of dressers and kitchen tables and chairs to give to families in need.

People who donate their new or gently-used kitchen table and chairs or dresser will receive a Best Buy gift card valued at \$10, plus all donations are tax-deductible.

Furniture banks rely heavily on community drives to gather items needed to support those less fortunate. Bridging AZ Furniture Bank is Arizona's primary resource for more than 100 social service agencies whose clients receive the donated furniture and household items.

Kitchen tables and chairs are essential to build family structure. "The kitchen table is where families share their hopes and dreams, make plans, and oftentimes is used as a desk where children can do their schoolwork," says Jim Piscopo, Founder of Bridging AZ.
