

## REPURPOSE/RECYCLE MATTRESS PROGRAM 2014

Bridging AZ Furniture Bank is a 501(c)(3) federally recognized nonprofit organization, established June 2004. Bridging provides clean, comfy beds to individuals and families- especially children and returning veterans. To date, Bridging has distributed over 4,000 clean, usable beds throughout Arizona.

We have the capacity to accept large mattress donations from hotels and timeshares. In situations involving large donations, we request that no more than 20% be deemed unusable for Bridging clients. Unsuitable mattresses would include those with heavy staining, rips and tears, overall uncleanliness.

The goal of the Bridging AZ Mattress Program is to divert mattresses from area landfills. If a mattress is unsuitable for re-use, we collaborate with local recyclers who deconstruct and repurpose the raw materials.

Recycle Fees: \$7.50 per piece – Over 10 pcs please contact us.

Local pick-up only. See furniture donation form at <http://www.bridgingaz.org>
