

Veterans Furniture Project

Shipping container project Phase 1

Phase 1 is to enclose a 30'x30' existing concrete slab with shipping containers. Location: Bridging AZ Furniture Bank's warehouse 25 N. Extension Road, Mesa AZ 85201. Concept: use the area for a furniture building workshop to train and employ veterans in repairing and building furniture.

Current need: welders to help finish modifications.

Above is the first of 3- 40' shipping containers cut to a 25' and a 10' section. Below is an example of a 25' modified container with one or 2 doors mounted on the side of the container. The other 10' container will be used for storage. The shipping container will hold woodworking and power tools

End product a 25' secure workshop
